

LIFT WG1 Training School, 28-29th September 2023

University of Ljubljana, Biotechnical Faculty, Department of
Animal Science, Groblje 3, Rodica, 1230 Domžale, Slovenia

This first Training School of the LIFT COST Action aims to address the focus of Working Group 1 entitled “Defining key concepts of positive animal welfare”. The unique combination of speakers will provide a multidisciplinary view of the topic, ranging from biology to psychology, social science, and ethics. The aims of this training school are to reflect on and discuss 4 questions: (i) How can I conceptualise and define positive animal welfare? (ii) What are the different views held by others, including various stakeholders and expertise? (iii) What is the common ground among these views? and (iv) How can we move forward? Through active engagement, attendees will learn and brainstorm with speakers and each other to leverage the complexity of the debate about what constitutes positive animal welfare.

MEETING AGENDA

Time	Thursday 28th September	Time	Friday 29th September
9:00	Welcome and get-to-know each other	9:00	Mara Miele plenary (zoom link3)
